Howdy, Silver Wingers! Your national staff will be publishing monthly electronic newsletters to keep you up-to-date on all things Silver Wings! We hope you've had a great October! We have been very busy attending ARCONs this month and have really enjoyed meeting all of you! There are some awesome things going on in our organization; our chapters are doing great work! If you have any questions, feel free to contact any of us on national staff. Keep up the great work, Silver Wingers!

### Silver Wings Signature National Project

At NATCON 2011, Silver Wings members voted to establish a Signature National Project for our organization. Rather than change projects after just one year of implementation, this signature project will be in place for a minimum of three years, after which it will be evaluated. At Exec Boards last month, a committee was formed, consisting of the National Activities Officer, Zak Liszewski, National Treasurer, Sarah Williams, and three region presidents. This committee discussed project ideas and narrowed it down to three options:

- Science, Technology, Engineering, and Math (STEM)
- Education for building a healthy lifestyle
- Promoting the knowledge of the importance of aerospace power

You should have the opportunity to vote on this project at your ARCON. Once the project is officially chosen, Zak will send more information on implementation. If you have any questions regarding the SNP, please contact Zak at [activities@silver-wings.org](mailto:activities@silver-wings.org).

### **DID YOU KNOW?????**
